Mr Steve Farrar
Environmental Officer
Whitehaven Coal Limited
NARRABRI COAL MINE

By Email to: SFarrar@whitehavencoal.com.au

Dear Mr Farrar

Narrabri Coal Mine (08_0144)

Approval of Longwalls LW101 – LW105 Extraction Plan Subsidence Monitoring Program

I refer to an email dated 1 March 2017 regarding a proposed variation to the subsidence monitoring program for Narrabri Mine Extraction Plan for Longwalls LW101 to LW105.

The proposed variation includes the removal of:

- Subsidence Monitoring Line A markers A1 – A81;
- Subsidence Monitoring Lines B, E, F, G; and
- 11kV Power Pole monitoring.

The Department has carefully considered the request and notes that the proposed variation has been approved by Dr Gang Li, Principal Subsidence Engineer for the NSW Department of Industry Resources Regulator. Accordingly, the Secretary approves the revised Subsidence Monitoring Program.

Please ensure that a copy of the approved plan is placed on your website as soon as possible.

If you wish to discuss the matter further, please contact Stephen Shoesmith on 9274 6164.

Yours sincerely

Mike Young

Director

Resource Assessments

As nominee of the Secretary
